New Church to be Organized.

A Baptist church will be organized at the Stevens Mill school house to-morrow (Thursday). Revs. J. S. and S. N. Watson will assist in the organization. The sermon will be preached at 10 o'clock a.m., and the organization effected thereafter.

A house of worship will be built in the near future. The lot of two acres upon which it is to be built was given to the church by Mr. John T. Stevens who has subscribed \$10 to assist in building the church.

There being no Baptist church in that neighborhood and no church of any kind nearer than Gills Creek, a church at this point is much needed and will be a great convenience to the people of that neighborhood.

Brother thou art gone to rest
 We will not weep,
 For thou art now where of't on earth
 Thy spirit longed to be.
 Brother thou art gone to rest,
 Thy toils and cares are o'er
 And sorrow, pain and suffering now,
 Shall never distress thee more.
 Yet, again, we hope to meet thee,
 When the day of life is fled,
 Then in heaven with joy to greet thee
 Where no farewell tear is shed.

The Political Pot Soon to Boil.

The State Democratic executive committee met in Columbia yesterday to consider the matter of a primary election for U. S. Senator.

A general State campaign will likely be ordered which will start probably about the first of July, and as there are 40 counties it will take about two months to get around. The primary to select a man for the General Assembly to elect to the United States Senate will be held as soon as the campaign is over. Besides Senator McLaurin, State Senator S. G. Mayfield is said to be a candidate and probably W. L. Donaldson and ex-Gov. John Gary Evans and possibly others.

In his card published elsewhere in this issue, Mr. Joseph Clark says the import of our notice in reference to his being an applicant for the postmastership here "seems to be that he is using some unfair means to effect a change"; but he does not point out what the unfairness is. If it is the statement that he "is striving to displace Mr. J. F. Gregory and have himself re-appointed", we will modify that by saying that according to his card, he is not trying to get Mr. Gregory out but is trying to get himself in—a case of the difference between tweedle dum and tweedle dee.

Court Proceedings.

Court convened here Monday, Judge Aldrich presiding. The following cases have been disposed of:

John McFadden pleaded guilty to the charge of larceny and was sentenced to the penitentiary or chain gang for 18 months.

Sam Metaskell and Elizabeth Williams—adultery—found guilty, former sentenced to the chair gang for 6 months or pay a fine of \$100 and the latter to the penitentiary for the same period or pay a smaller fine.

Henry Blackmon and Margaret Clyburn were acquitted on the charge of adultery.

George Phillips was convicted of larceny, and was moved for a new trial. The following cases were not processed: Burrell Blackmon and Sarah Phillips, adultery and fornication; William Tiltman, assault and battery; R. A. Love, selling liquor, etc.

No bills were found in the cases of Robert Montgomery, assault and battery, and John F. Clark, using stock without permission.

Two bills were found against Sam'l L. Bradley—one for disposing of property under lien and the other for breach of trust with fraudulent intent—both continued.

The following other cases were also continued:

John J. Phillips, assault and battery with intent to kill; Wash Ingram, assault with intent to kill; Sehorn Stack, selling liquor; Bud Bek, same offense; James Catoe and Frank Jones, gambling. The three last named cases were continued from the previous term of court.

As we go to press this (Tuesday) afternoon the case of Henry Gamble, charged with murder, is being tried. Court will likely adjourn at the conclusion of this case.

LATER.

Gamble was acquitted and the court adjourned late in the afternoon.

GRAND JURY'S REPORT.

We have investigated and passed upon all bills of indictment submitted to us and have reported our findings thereon to the Court.

We have by a committee visited the poor house and find it neatly and well kept. The inmates have comfortable quarters and are apparently well cared for. The Grand Jury heartily commend the action of the county board of commissioners in requiring all paupers who receive aid from the county to go to the county poor house. The jail is well kept and is in fairly good condition.

We recommend that the county supervisor make arrangements to pay the jurors and witnesses for the present term of court if possible.

We present Z. E. Parker for selling whiskey. Witnesses: C. C. Fulle, A. G. Gaston, S. B. Taylor and A. L. Cook.

John Blakeney and Mahaley Baker for living together in adultery. Witnesses: P. W. Carnes, D. R. Sapps and Jerry Laney.

Burwell F. Blackmon and Sarah Phillips for living together in adultery. Witnesses: A. G. Ellis, Seaborn Sims and Mike Liles.

Also James Cullins for disturbance at prayer meeting. Witnesses: J. C. Sued, Secundus Johnson, G. B. Collins and John F. Collins.

We would acknowledge our indebtedness to your Honor for your courtesy and kindness to us during the prosecution of our labors.

Respectfully submitted,
J. J. PERRY,
 Foreman.

INCOME TAX.

Bill Introduced by Congressman Stokes Giving Congress Full Power to Lay and Collect Income Tax.

A special from Washington to the News and Courier June 17th says that Representative Stokes took advantage of the brief session of the House to-day to offer a joint resolution providing for an amendment to the Constitution in favor of an income tax. When ratified by three-fourths of the Legislature of the several States it shall be part of the Constitution, namely: "Article XIV. The power of Congress to levy and collect direct taxes shall not be restricted exclusively to the methods of apportionment among the several States, according to their respective numbers, but Congress shall have full power to lay and collect a tax upon incomes without regard to the source or sources whence the income is derived. In laying such tax upon incomes regard may be had to certain classes or grades of income, fixed by law according to amount, but the tax upon incomes of the same class or grade shall be uniform throughout the United States."

"I introduced this amendment," said Dr. Stokes, "to provide specifically for a graduated tax upon incomes. So far as I examined the resolutions already introduced on this subject, they do not go far enough in this direction. I look confidently forward to a time when the Government must seek other sources of revenue in lieu of the tariff. The country will awake in a few years from its present protection debauch, and I would open the way for raising revenue by direct taxation. In my judgment, this would of itself tend to cut down extravagant expenditures, and would thus at the same time accomplish two leading reforms of the Democratic platform, reducing expenses to the necessities of the Government economically and honestly administered, and compelling wealth to bear its just proportion of the burdens of taxation."

POAG & HARPER.

These all round mechanics, have been striving for nearly a year to get into their grinding and milling plant a class of machines to do the necessary work demanded by this town and county. We have at last succeeded and are now prepared with

Machinery and Experience

to do anything in our line. You need not go North or anywhere else to get what you can have done at home in a

First Class Manner,

and for less money. A visit to our place will convince you that we are not advertising something we haven't got or can't do for you. We know better than anybody what the people need to repair their machinery and try to have it for them. Our experience is long and varied in this line. Our line of valves, steam-pipes, gage cocks and steam fittings of every kind is always complete. We have recently put in a lathe to do all kinds of engine and gin repairing. Piston rings made on short notice. Cylinders re-bored and fitted anew. We are agents for the celebrated Myers pumps for shallow and deep wells, and we say without fear of contradiction that is the best pump on the earth, and they don't cost a fortune. We can also do any kind of fancy wood work, such as turned and sanded balusters, columns, newels, drops, brackets, mantles and cabinets of all kinds. Bring us your orders. We can fill them satisfactorily in quality and price.

We don't do a credit business. We must have the cash for what we do. Remember that please.
